Noida, 201310 | (+91)9305821208 | utkarshtrvd197@gmail.com | [linkedin.com/in/utkarshtrivedi](https://www.linkedin.com/in/utkarshtrivedi) | <https://utkarshtrvd.github.io/utkarshtrvd-dev/>

CAREER SUMMARY

Electronics and Communication Engineering student with hands-on experience in full-stack application development and IoT hardware projects. Proficient in Java, C, SQL, Prompt Engineering JavaScript and MongoDB, with a proven ability to design and build solutions like health monitoring devices and accessible web applications. Eager to apply technical skills in a challenging role focused on IoT or software development.

TECHNICAL SKILLS

- **Languages:** Java, C, JavaScript, HTML5, CSS3, SQL
- Prompt Engineering and AI agent building
- Git and Gitbash
- Linux
- Working with Arduino and Raspberry Pi microcontroller
- Embedded programming

PROJECTS

Project 1: Accessible Speaking Quiz Application

- Designed and developed a full-stack web application to help visually impaired individuals take exams, reducing interpretation errors.
- Built the backend using Node.js and utilized MongoDB for robust data storage.
- Created an accessible and user-friendly frontend with HTML and CSS.

Project 2: IoT-Based Infant Health Monitor

- Engineered a final year project to create a device for monitoring an infant's temperature, position, and breathing rate.
- Integrated sensors with a microcontroller (e.g., Arduino/ESP32 - *add the specific one you used*) to collect real-time health data.
- Implemented smartphone-based monitoring by transmitting data to the Blynk application, allowing for remote alerts.

Project 3: Personal Portfolio Website [<https://utkarshtrvd.github.io/utkarshtrvd-dev/>]

- Built a responsive personal portfolio with HTML5, CSS3, and JavaScript to showcase projects and skills.
- Utilized AI-powered tools and prompt engineering to accelerate the development workflow.

CERTIFICATIONS

- **In Progress:** Applying AI in Cloud Infrastructure (Oracle).
- **Completed:** Git Training (Simplilearn), Git Version Control (CodeSignal), Agile (Great Learning)

WORK HISTORY

- **Instagram page cotxegeek**, editor and content writer, (08/2021) - (04/2022)
- **Co-Founder of a blockchain startup named brc coin and its marketplace**, (05/2022) - (06/2023)

EDUCATION

12 th -	86%(ISC Board), New Public School, Lucknow
10 th -	82%(ICSE Board), New Public School, Lucknow
Bachelor's in technology (ECE), Galgotias college of engineering and technology affiliated from AKTU, Greater Noida
